

Power Cables 12 kV

AXQJ-RMF Pure 6/10(12) kV

Application

Halogen-free, flame retardant and self-extinguishing in case of fire. Smoke in the event of fire is limited, transparent (to facilitate evacuation) and not harmful to electronic equipment. The cable is primarily designed for indoor installation, tunnels, etc. The cable can be installed outdoors and in ground but ploughing is not recommended. Ripcords for easier and safer stripping of the outer sheath.
